

2021 BBEDC Vocational/Technical Training Program

BBEDC accepts Voc-Tech applications from CDQ residents who are seeking financial assistance for vocational training. BBEDC will prioritize training at the Southwest Alaska Vocational Education Center (SAVEC), secondly in-state and as a last resort, out-of-state. Applicants must demonstrate in writing why training outside the region is necessary.

In order to qualify for BBEDC Voc/Tech Program Funding, the training must meet at least one of the following criteria:

- Fisheries related training directly related to the fisher's operation including industry related skills training or training that could lead to entry into a Bristol Bay commercial fishery as a crewman.
- Job-readiness training that would provide new or enhance current employment skills for those unemployed with the goal of increasing employability.
- Employer mandated training that would result in continued employment, a direct employment advancement or pay increase with said employer (limited to \$2,500 per year).
- Continuing education training to maintain certifications that are required for current occupation.
- Full-time vocational technical education program leading to a nationally recognized certification, license or degree that could lead to direct employment in the vocation.

Students who are pursuing degrees/certifications/licenses or training directly related to their primary employment through online delivery, are required to use training providers in the order of priority outlined above. Written justification for use of a particular training provider must be provided for all training outside of the region. An eligibility determination of these applications will be considered by BBEDC program staff on a case-by-case basis.

ELIGIBILITY REQUIREMENTS ARE:
