

2022 BBEDC Seasonal Employment Opportunities Program

Employee Request Information

Program Overview

BBEDC has developed the Seasonal Employment Opportunities Program in an effort to provide residents of the 17 BBEDC communities with temporary employment opportunities from 4-16 weeks in their community. Residents hired under this program will be employees of the hiring firm.

The Seasonal Employee Request must be completed and submitted by each company seeking to hire seasonal employees under the program. Each request will be evaluated by BBEDC staff to determine if the position(s) meets the guidelines established for this program.

An organization may request more than one seasonal employee. However, a separate request is required for each position. ***Filling out a request form does not guarantee that BBEDC will fund a seasonal employee and you may be asked to prioritize positions based on funding available.***

The organization requesting the position is the employer, not BBEDC, and all employer personnel policies will apply. The employer will supervise the employee and ensure that all labor laws are being followed, including payment of all wages, taxes, insurance and all other costs of employment. The wage offered to employees should be consistent with entry-level positions generally offered by the employer, and must be posted in advance but, at the discretion of the employer, wages may be supplemented during the employment if warranted.

BBEDC will reimburse the employer for all direct costs of such employment (except for supplemental payments) upon receipt of an invoice at the completion of employment. All invoices must be received no later than 30 days after the employment ends. The employees must be referred to BBEDC for an exit interview and the employer must submit a written report reviewing the employee's performance upon completion of employment. The employer should also prepare the employee to summarize the employment experience during the BBEDC exit interview. Failure of an employer to submit a written report upon completion of the employment may result in a denial of placement of future employees.
